

SELINA KALLIO

JUNIOR SOFTWARE ENGINEER

SKILLS AND ABILITIES

Basic programming skills: JS, Linux, HTML and CSS. Some knowledge on Bash and SQL. JS is my passion, but I would also be interested to learn other languages or improve the ones I know the basics of.

PERSONAL SKILLS

I get along with everyone and work well both in a team and alone. I am hardworking, honest, flexible, creative and have a good sense of humor.

GOALS

I am ambitious and would love to improve my programming skills. I am interested in gaining experience from my own field of work.

EXECUTIVE SUMMARY

- **Coding skillset:** JavaScript, Linux, Bash, HTML5, CSS and SQL
- **Positive person:** teamworking and independent; motivated and passionate
- **Hardworking:** I worked around 20h a week while studying full time in polytechnic

EXPERIENCE

PERSONAL ASSISTANT | ELÄMÄSI ADATO

2019-2022

Personal assistant work for example cleaning/housekeeping, daily tasks and chores and helping with bathroom activities. The work taught me the importance of hard work and trying your best to overcome challenges.

PERSONAL ASSISTANT | PIRJO TUKKINIEMI PALVELUT

2016-2021

Began working as a cleaner in 2016. Based on good feedback I began doing also personal assisting in addition to cleaning people's apartments.

This job taught me to work together with people and take the client's considerations into account and adapt.

CUSTOMER DATA ANALYSIS | SYDÄMEN NOSTE

2018 SUMMER

Getting business clients for Sydämen Noste and creating lists containing contact information of possible customers. Contacting target audience companies. These taught me to never give up.

EDUCATION

OULU POLYTECHNIC

I am really interested in JavaScript, Linux, HTML and CSS. I got 5/5 grades on all these subjects. Before summer, I will also have knowledge on databases such as MySQL. Estimated graduation is in 2025.

SELINA KALLIO
