EXECUTIVE SUMMARY

- Technical skillset: Python, JavaScript, Linux, Bash, HTML/CSS
- Positive person: teamworking yet independent; motivated and passionate
- Hardworking: I worked around 20h a week while studying full time in polytechnic and in high school

EXPERIENCE

LAB ENGINEER TRAINEE | NOKIA

04/2022 - NOW

Updating frontend, managing cybersecurity for example through API scripts, writing python/bash/TCP scripts to ease daily processes were part of my duties in this work position. My work at Nokia allowed me to implement my coding skills and tech knowledge.

PERSONAL ASSISTANT | ELÄMÄSI ADATO & PIRJO TUKKINIEMI PALVELUT

2016-2022

Began working as a cleaner in 2016. Based on good feedback I began doing also personal assisting in addition to cleaning people's apartments. This job taught me importance of hard work and taking the client's considerations into account and adapting accordingly, trying your best to overcome challenges.

EDUCATION

OULU POLYTECHNIC UNIVERSITY

Very good success in my studies, primarily getting 5s from courses and a GPA of 4.9 from IT-related courses. Estimated to graduate around a year early, I have started my bachelor's thesis on IoT. I am aiming to graduate before summer 2024 with a degree in IT.

KASTELLIN LUKIO

Graduated in 2021 *eximia cum laude*, having gotten *eximia* from for example mathematics, physics and psychology and *laudatur* from English. During high school, I was team captain for our school's STEM team, finishing 4th in a national competition with hundreds of competitors.
